

# JOIN APICS FOR A RISK MANAGEMENT SEMINAR IN ORANGE COUNTY

Register today to reserve your spot!

APICS is partnering with the APICS Orange County chapter to present the Supply Chain Risk Management seminar. This seminar provides an in-depth analysis of the global supply chain risk landscape. Through participation in hands-on exercises and in-depth discussions, attendees will go over the definition of risk management, techniques and tactics successful in mitigating risk, and profiles of early adopters of risk management. The seminar also provides access to a "Heat Map" tool for participants to assess risks within their supply chains.

This is a not-to-be-missed event for anyone wanting to learn the ins and outs of supply chain risk. Attendees will acquire an abundance of practical tools to enable their organizations to run more efficiently, increase safety and reduce operational costs. Earn seven certification maintenance points and qualify for seven hours toward the Risk Management Education certificate when you attend this seminar.
